MEET OUR SPEAKERS

HELENE S. BEDNARSH, BS, RDH, MPH

Helene is the Director of the Ryan White Dental Program, Boston Public Health Commission. Ms. Bednarsh is the Dental Director for the New England AIDS Education and Training Center.

PETER G. GULICK, D.O.

Dr. Gulick is a Professor of Medicine at Michigan State University, College of Osteopathic Medicine, with extensive clinical experience treating persons living with HIV.

David Reznik, DDS

David Reznik is a distinguished dentist based in Atlanta, Georgia. Over the past thirty years, he has built a reputation as a pioneer in providing dental service to underserved HIV/AIDS patients.

REGISTER TODAY!

events.mphi.org/hiv-dental

The HIV Dental Symposium is a 6-hour continuing education course designed to update attendees on the care and delivery of oral health for people living with HIV/AIDS. Attendees will learn from HIV/AIDS experts about advances in medications, systemic effects of the virus, clinical dental treatment, the dental team's role in viral suppression, and aging with HIV.
